Statement of The University Founder

Al-Allamah Dr. Abu Bakar Adni bin Ali Al-Masyhur
May Allah have mercy on him...

**Founder of Al-Wasatia Al-Shareia University
for Islamic and Humanitarian Sciences**

Praise a University for Islamic and Humanitarian Science is launched, which was the summary of the experience of the Arbita of islamic disciplines, and its educational and vocational centers centers over more than (25) years, the idea began with the establishment of the College of Al-Wasatia Al-Shareia for Islamic Sciences under a license No. (1349) from the Ministry of Higher Education in the year 2014, and the study began in 2017 with the Fiqh & Usul program.

According to the strategy developed by the President of the University and the urgent need, the university's license was extracted on July 8, 2020 by Ministerial Resolution No. (4) of the year 2020.

Al-Wasatia Al-Shareia University does not want to be an additional number for universities as much as it seeks to distinguish in its scientific and academic activities, and what distinguishes it in addition to its serious scientific academic activity is its educational and behavioral orientation in preparing the enrollment in it, and the adoption of the subject of Fiqh Al-Tahwwulat (the science of transformations) is a university requirement for all facultis, and so This science is carrying by the one who was distinguished in the acquisition of the seeker of knowledge, the conscious vision in studying the changed reality through the Quran and the Sunnah, and its encouragement to scientific research from the premises of vision and methodology of this science. In addition to the advantages of this university, the adoption of vocational training for all its students in a way that qualifies them for a specific profession, in addition to their scientific specializations through which they reach self-reliance.

The mission of our university and its insightful vision through which strategies and educational policies at the university are laid down to expand the circle of its relations with all academic work institutions at Yemen and abroad so that it plays its role in the educational process and sustainable development.

Statement of Chairman of the University Board of Trustees

Abdul Raqib Ahmed Al-Attas
Chairman of the University
Board of Trustees

Praise be to Allah who distinguished this nation with knowledge and action, and the first to address the Seal of the Prophets and the Master of Messengers with the verses sent down from the Lord of the Heavens (Read In the Name of your Lord, who created) And prayers and peace be upon our Master Muhammad, who said who says about himself (I was only sent as a teacher) (I was sent to perfect morals).

As for after; the University of Al-Wasatia Al-Shareia for Islamic and Humanitarian Sciences is one of the institutions established and found by the Islamic scholar and thinker Al-Habib Abu Baker Al -Adani bin Ali Al -Mashhor, may Allah have mercy on him, the mercy of the righteous. The man who was known for the enlightenment of his thought, conscious moderation of his approach, and he strived in his life to gather the nation on the common denominators and called for the renewal of the reading that is rooted from the source of the nation and its approach is the book of Allah and the Sunnah of His Messenger. Therefore; he entrusted this university to be the owner of a distinguished message, and what distinguishes her most is the science that he originated It is the science of transformations (Alam Fiqh Al-Tahwwult) by which you read the changes and developments from the guidance of the Prophethood. He called the university to be an example of seriousness, sincerity, and scientific and cultural enlightenment derived from the light of our religion, Islam, so that the university's output is a qualitative output that works to spread virtues, and rooting the scientific method and building a generation of rightness (Al-Salama) that carries rightness in itself and calls for the values of justice and peace that the Lord of the heavens and the earth called us to. Oh Allah , you are peace, and from you comes the peace, and peace return to you, lets us live peace and enter us heaven your home, home of peace. And here is the university with this guide it's highlights some of systems, regulations, activities, and Scientific and social role.

Statement of the Presidency of the University

Dr. Abdullah Abdul Qader Al- Aidarous
Acting President of the University

Praise be to Allah who says (Read In the Name of your Lord, who created. Created man from a clinging clot, Read: And your Lord is the Most Generous Who has taught (the writing) by the pen He has taught man that which he knew not) And prayers and peace be upon our Master Muhammad, who said (He was only sent as a teacher) (I was sent to perfect morals)

As for after, Al-Wasatia Al-Shareia University for Islamic and Humanitarian Science, which was founded by the Islamic thinker and preacher, scholar Al-Habib / Abu Baker Al-Adani bin Ali Al-Mashhor - may Allah have mercy on him, began its academic activity in the Hijri year of 1438, 2017 with a clear vision through which it seeks excellence, academic scientific leadership and human service in achieving sustainable development according to the Hadramout School methodology based on legitimate and conscious moderation and always seeks to develop and renew the educational and academic process and build partnership and cooperation relations with Yemeni and global Islamic universities in a way that enhances scientific research and community service.

Praise be to Allah, the university took fast steps in holding seminars, scientific conferences and workshops, the latest of which was the international conference held on 9/17/2022 under the title "Changes and developments between divine directives and human thought" and was able to gain membership in Yemeni universities and the Federation of International Universities.

The university has its future vision in opening many scientific and applied faculties in which goes along with the requirements of the internal and external labor market with a unique scientific methodology.

This introductory guide includes the current reality and the future vision for the next five years. We call to Allah for success and help, and for the founder of the university to be filled with the abundance of Allah mercy, which Allah is capable of everything.

1) Arabic:

The Arabic language is the primary language for teaching the programs offered at Al-Wasatia Al-Shareia University for Islamic and Humanitarian Science in its colleges.

2) English:

English is the secondary language in addition to the main language (Arabic) for teaching students in the colleges of Al-Wasatia Al-Shareia University for Islamic and Humanitarian Science.

A summary about postgraduate studies at the university and quality assurance

Based on the decision of the Acting President of the University No. (6) for the year 2022 to appoint the Prof. Ahmed Muhammad Al-Saqqaf, Acting Vice-President for Postgraduate Studies and Scientific Research at Al-Wasatia Al-Shareia University for Islamic and Humanitarian Science, The Vice-Department of Postgraduate Studies has carried out its tasks and has accomplished, during the past short period, some of the most important achievements, such as:

First: The establishment of the Quality Assurance Council according to the decision of the Acting President of the University No. (7) for the year 2022, headed by the Acting Vice President of the University for Postgraduate Studies and Scientific Research and the President of the University as a general supervisor. A decision was also issued to form quality units in the colleges according to the University President's Decision No. (8) for the year 2022, and the decision specified the tasks and objectives of the quality units in the colleges

Second: Preparation for the first international scientific conference of the university, entitled "Changes and developments between divine directives and human thought," which was held from 21-23 Safar 1444 at 17-19 September 2022, which achieved local and regional success

Third: The Public Prosecution Office prepared the conceptualization of the scientific journal, and accordingly the University President's Decision No. (30) for the year 2022 was issued, which stipulated the establishment and issuance of an annual scientific journal for the university under the name ((Research of Al-Wasatia Al-Shareia)), and it was announced that the research would be submitted to the journal to be issued in the The first issue of it soon

Fourth: Holding training workshops to complete the description of programs and courses for the undergraduate level for all disciplines at the university, which was held in 2023

Fifth: The Vice Deanship of Postgraduate Studies submitted a brief strategic plan to spread the culture of quality among the university during the year 2023

Future vision

The Vice Deanship of Postgraduate Studies, Scientific Research and Quality Assurance is looking forward to contributing to the realization of the vision and mission of the university. It also intends to prepare for the opening of master's programs for all university specializations after completing the criteria for opening programs and contributing to distance study programs in order to achieve the goals of the university in serving the nation and society.

Faculty of Shareia & Legal Sciences Mukalla City, Al-Rayyan

The Faculty of Sharia and Legal Sciences, which is located in Al-Rayyan in the city of Mukalla on the coast of Hadramout, offers its particular programs at the undergraduate level within the programs of Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences, which aims to serve the community in Sharia and law sciences, which helps the student to absorb and understand the tools of Sharia jurisprudence (Fiqh) and legal sciences that It allows the student to see the breadth of Islamic Sharia and its validity for every place and time in serving the community.

Vision

Leadership and excellence in Sharia and legal sciences and scientific research to serve the community according to the approach of Al-Wasatia Al-Shareia.

Mission

Qualify a graduate who is in-depth in Sharia and legal sciences, in a way that contributes to ensuring the stability of fatwa (legal opinion concerning Islamic law) and justice in society and advancing the research and scientific level in a way that puts solutions to developments at the local and regional level that combines tradition and modernity.

Objectives

- 1- Formation of the graduate's jurisprudence and legal skills.
- 2- Developing legal (Sharia) solutions through the preparation of studies and scientific research.
- 3- Raising the level of legal(Sharia) and Islamic laws understanding of the ethics of Islam in facing the challenges of the times, according to the approach of Al-Wasatia Al-Shareia and Aidital Al-Wa'ai. (Shareia and conscious moderation).
- 4- Spreading the spirit of tolerance among members of society and rejecting sectarian and intellectual fanaticism through the methods that develop the foundations of tolerance and co-existence among groups in societies locally, regionally, and globally, without prejudice to the legal constants of the text.
- 5- Strengthening the bonds of partnership and cooperation with the corresponding institutions locally and regionally.

Academic Departments:

- Fiqh & Usul Department (Al-Rayyan – Mukalla)
- Shareia and Law Department (Al-Rayyan – Mukalla).

Faculty Programs

- Study Plan for the program of Fiqh & Usul
(Islamic Jurisprudence and its Principles) (Al-Rayyan – Mukalla).

Faculty of Girls in Tarim City

The Faculty of Girls was initially established under the Department of Fiqh & Usul (Islamic Jurisprudence and its Principles) affiliated to the faculty of Shareia and Legal Sciences, and by the decision of the University Council in its regular session (5) for the academic year 2023-2022 AD to upgrade the department into the Faculty of Girls, which includes several academic departments corresponding to the licensed programs for the university, and the faculty is equipped with a female administrative and teaching staff, and a library.

Vision

Leading and excellence in qualifying girls to enhance their status and role in accordance with the approach of sharia moderation of Islam

Mission

Caring and rehabilitation of the girl in a stimulating educational environment dominated by decency and Islamic morals, enabling her to possess scientific and research skills

Objectives

- 1- Rehabilitation of the girl scientifically and morally to enable her performing her role in the family and society
- 2- Providing greater opportunities for girls' education according to the rules of Al-Wasatia Al-Shareia W Alitdal Alw'ai (Sharia and conscious moderation)
- 3- Community service, strengthening the status of Muslim girls, and increasing their educational, calling to Allah and scientific contributions
- 4- Helping the girl to contribute to achieving sustainable development based on her

Academic Departments:

- 1. Fiqh & Usul Department (Islamic Jurisprudence and its Principles)
- 2. The science of transformations and Da'wah Program (Alam fiqh Al-Tahwwulat)

FACULTY OF DISTANCE EDUCATION

About Distance Education

Distance education is a modern educational program whose philosophy stems from providing the opportunity of education for those whose circumstances do not allow them to join the regular university education system in order to obtain good educational opportunities, and this is what the university seeks to achieve. Based on the strategic plan of Al-Wasatia Al-Shareia University to open new horizons for Higher education learning, develop the educational process at the university, and make the best use of learning and teaching technologies, the University Council approved in its regular session No. (5) for the academic year 2022-2023 AD to establish the Faculty of Distance Education to offer programs of the undergraduate stage (Bachelor) that are available and licensed for the university faculties in accordance with the controls and standards of the distance education system to achieve the conditions of quality assurance at the Ministry of Higher Education and Scientific Research

The Importance of Distance Education :

- * **Learning Opportunities:** Providing educational opportunities for all learners in different circumstances, conditions, and places of residence.
- * **Flexibility:** It allows learning according to appropriate educational conditions that are appropriate to the learners' needs, circumstances and times, and to achieve continuity of the learning process.
- * **Effectiveness:** The research conducted on this system has proven that it has an impact equal to or greater than the traditional education system, especially when distance education and multimedia technologies are used efficiently and the positive impact of this on the educational content.
- * **Innovation:** Presenting curricula to teachers in innovative and interactive ways.
- * **Learner autonomy:** Organizing curriculum topics and assessment methods according to learners' abilities.
- * **Low cost:** This type of education is characterized by its lowest cost for the student who is so far geographically from the educational institution.

Advantages of the Distance Education Faculty:

- Granting university first specialization certificate (bachelor's degree) accredited by the Yemeni Ministry of Higher Education and Scientific Research.
- Teaching all academic programs and majors accredited in the faculties of the university, including the Science of Transformations and Da'wah program, which is uniquely taught by the university among universities all over the world.
- The efficiency of the faculty at the college, which includes a group of professors and doctors specialized in academic courses.
- Continuous interaction between students and faculty via the electronic platform, as well as the possibility of direct communication with the faculty's staff.

Diversity of teaching aids in the faculty, including: actual educational meetings by 30% for each course, and references for each course.

Paper and electronic, interactive book, video lectures, and virtual classes.

- Providing an electronic portal in Arabic and English; To facilitate communication and provide educational services to students.

Vision

Leadership besides scientific and academic excellence in distance education and e-learning in accordance with quality standards, and based on the Sharia moderation (Sharia Wasatia) approach of Hadramout International School.

Mission

Preparing graduates with distinguished scientific and research skills based on scientific competencies in a stimulating educational environment, and providing a model of distance education and e-learning that fulfills the conditions of quality assurance through the use of efficient teaching and learning techniques; Contributing to sustainable development to serve the nation; and following the course of Hadramout International School

Objectives

1. Menciptakan peluang pendidikan yang lebih besar untuk pendidikan universitas.
- 2.menciptakan generasi kompetensi ilmiah yang mampu melayani masyarakat dan memenuhi kebutuhan pasar.
- 3.Penyebaran kurikulum alwasatiah untuk madrasah hadramaut internasional untuk berinvestasi pendidikan elektronik dan teknik pembelajaran jarak jauh.
- 4.Publikasi ilmu fiqih tahawulat sebagai ilmu baru oleh universitas dan yang dibutuhkan oleh bangsa.
- 5.Perkuat hubungan dan pegang kemitraan dengan universitas dan institusi secara lokal dan internasional untuk berkontribusi pada pengembangan proses pendidikan dan keberlanjutan.

FUTURE VISION FOR THE FACULTY OF DISTANCE EDUCATION

Expansion of the Department of Distance Education Faculty; As one of the faculty of the university, which is expected to be popular, by opening all scientific and licensed specializations at the university, which were previously introduced ,starting to open the following specialized programmers:

- Jurisprudence and it's origin.
- Science of transformations and advocacy.

University Infrastructure

AUDITORIUM OF IMAM ABDUL QADIR BIN AHMED AL-SAQQAF

It is the largest hall in the university with an area of (1375 square meters), which is used for the different activities of the university such as seminars, conferences and public lectures. It can accommodate (1600 people)

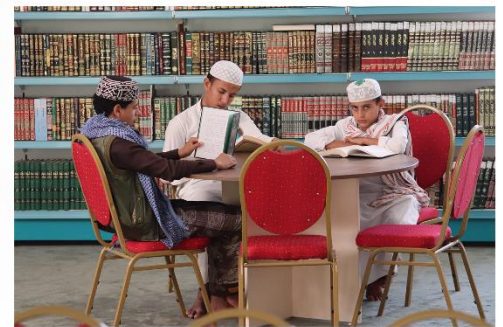

THE SMALL HALL

The smaller hall, which is specialized for academic lectures of university students of different levels, has an area of (107.5 square meters) and can accommodate (100 students).

UNIVERSITY'S LIBRARY

PHYSICAL LIBRARY :

DIGITAL LIBRARY

LABORATORIES COMPUTER LABS

The university includes computer laboratories to support the academic departments in the technical aspects of computer courses. The university seeks to develop and expand them and keep pace with the latest technologies and computer applications in accordance with the quality assurance condition.

STUDENT HOUSING

The total area of on-campus student housing is (600 square meters), which consists of three floors, divided as follows:

The first floor: It consists of five rooms, where the area of each room is (50 square meters).

The Second floor It consists of five rooms, where the area of each room is (50 square meters).

The Third floor Kitchen + Dining Hall: with an area of (300 square meters).

THE MOSQUE

THE GARDEN

Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences contains green spaces, including the campus garden, which has an area of (3500 square meters).

PLAYFIELD

Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences contains sports fields for its students to practice various sports activities, with an area of (7680 square meters).

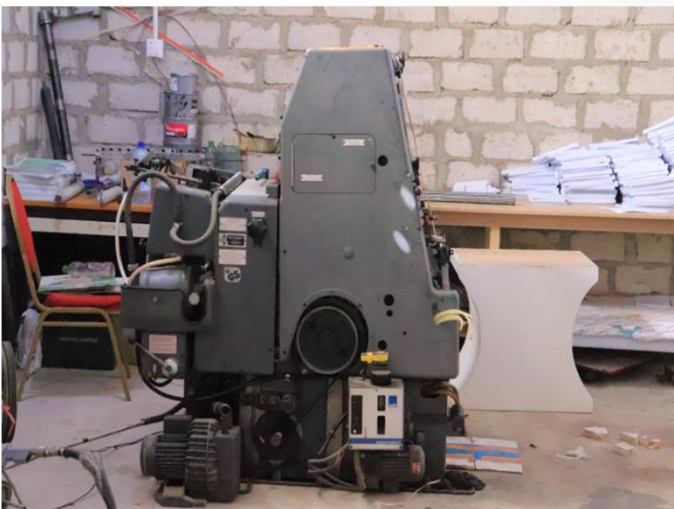

MEDICAL CLINIC

One of the most important service centers provided by the university to its students is the medical clinic, equipped with the necessary equipment, including patient rooms, and a laboratory. It is supervised by a specialized medical staff, and it, thank Allah, served an active role in the health field.

PRINTING PRESS

To provide printing services for students and university lecturers, the university has established Al-Muhajir Press to print books and the scientific journal whose first issue is expected to be published soon, as well as media and printing works. It is equipped with an "offset" press and its accessories, which is a qualitative addition to facilitate the performance of the university's mission and the dissemination of its scientific outputs.

University Achievement

INTERNATIONAL SCIENTIFIC CONFERENCES

FIRST INTERNATIONAL SCIENTIFIC CONFERENCE

Scientific research is one of the most important goals and objectives of the university. To achieve this goal, Al-Wasatia Al-Shareia University organized the first international scientific conference, entitled "Transformations and New Matters between Divine Directives and Human Thought" held on 23-21 Safar 1444 AH corresponding to 17-19 September. 2022 AD, which obtained wide participation from Yemeni universities, and external participation of other different Arab and Islamic countries, in which about (52) scientific papers were presented and discussed, distributed over seven scientific sessions over a period of three days, and the conference also included public lectures via Zoom application for eminent persons such as (scholar Habib Ali Al-Jifri - Republic of Egypt, scholar Dr. Osama Al-Azhari - Republic of Egypt, Prof. Ibrahim Ahmed Al-Harthy - Jordan, Mr. Ahmed Omar Al-Kaf - Kingdom of Saudi Arabia, Mr. Muhammad Al-Mahdi Mansour - Morocco).

INTERNATIONAL SCIENTIFIC & LITERARY SEMINAR

THE INTERNATIONAL LITERARY SYMPOSIUM ON THE POETRY OF HABIB ABI BAKER AL-MASHHOR

In conjunction with the scientific activities of the first international scientific conference organized by Al-Wasatia Al-Shareia University in September 2022 AD, an international scientific literary symposium was held with the participation of research papers submitted by many authors, poets, writers and critics from inside and outside the Republic of Yemen "in the poetry of the Habib Scholar Dr. Abi Bakr Al-Adani bin Ali Al-Mashhor, may Allah have mercy on him, bearing the title "The abundance of poetic experience in the poetry of the Habib scholar Abi Bakr Al-Adani bin Ali Al-Mashhor, may Allah Almighty have mercy on him."

VOCATIONAL TRAINING AND REHABILITATION PROGRAMMERS

Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences is interested in the self-sufficiency program and its most important training courses. For example: (Honey bee breeding course - Household electrical installation course), which would provide university students with a career in their practical life after their graduation, and this is one of the university's priorities in parallel with the academic side.

HONEY BEE BREEDING COURSE

ELECTRICAL INSTALLATION COURSE

WORKSHOPS

Within the framework of the university's keenness to achieve quality and develop its programs in accordance with the conditions of quality assurance, Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences organized a number of training courses and workshops for faculties members and their assistants, and to improve the university programs, for example:

1. Training course in educational qualification titled (Modern Trends in Higher Education Teaching), held on January 19, 2018.

2. The first assessment workshop for the development of undergraduate programs held on March 2, 2020, titled (Towards the quality of programs and their expansion for a university that serves the nation and society and contributes to achieving sustainable development).

3. The second training workshop on course specification on July 3, 2021, entitled (Course specification is a step to ensure the quality of programs and improve their outputs).

4. Training course for graduates at Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences on June 10, 2022 AD, entitled (How to prepare and present scientific papers for conferences).

5. The third training workshop for the development of undergraduate programs on January 8, 2023, titled (Towards building quality programs and outputs that serve the nation and society).

UNIVERSITY PARTNERSHIPS

They said about us

Praise be to Allah, Lord of the worlds, with whose grace good deeds are accomplished, and thanks to him, his rightness and his arrangement, efforts are combined to do good and to progress it in all paths, and prayers and peace be upon the master of Leaders and his family, leaders, companions, and followers throughout the times, and after.

We have visited Al-Wasatia Al-Shareia University, which is located in Al-Hussisah-Seiyun, and we have seen what eases the mind and rejoices the heart in terms of preparing for education and students with the workers carrying out these tasks from the aspects in which we hope to spread the full awareness and rise the goodness in the nation, and achieve the integrated balance in society in thought and culture, and we have found the essence of the Al-Habib, the well-known preacher to Allah, Abu Bakr bin Ali Al-Mashhor, is evident in the sides of this place, teachers and learners. Allah grants success

Scholar Educator Dr. Muhammad Ali Baatih Dawani
President of Imam Al-Shafi'i University

Praise be to Allah, Lord of the worlds, who has enabled us to attend the first international scientific conference of the University of Al-Wasatia Al-Shareia in the Republic of Yemen, in the city of Seiyun. This conference comes at a time when the Islamic nation is navigating between waves of sedition and successive changes variables. We hope that they will give more intellectual and knowledge.

Allah grants success

The Eminence and Scholar of the Iraq

Dr. Khalil Ismail Elias

The Eminence and Scholar of the Iraq
Dr. Khalil Ismail Elias

Al-Wasatia Al-Shareia University for Islamic and Humanitarian Sciences is considered one of the most important universities in the Republic of Yemen for its prominent role in serving individuals and society to receive legal sciences and various knowledge that help to establish the principles of the Islamic religion in accordance with the name of Islamic moderation, which contributes to the consolidation of the culture and conscious among its university students.

Prof. Hussein Abdul Rahman Ba-Salama
Former Minister of Higher Education and Scientific Research

Praise be to Allah, and prayers and peace be upon the Messenger of Allah.. And after. In a quick words, I am pleased to visit Al-Wasatia Al-Shareia University in Seiyun, and I ask Allah for success and assistance for it, its students, and those in charge of it the teachers and administrators. It's university with many different legal and scientific faculties, and it has many students from the governorates of Yemen and from outside Yemen. The staff of teachers and administrators all of them are from Yemen and have excellent administrative and scientific ability. May Allah bless the effort and may Allah repay those in charge of it. And grant us and them help to make society happy, spread goodness, preserve Sharia, and spread the teachings of the Holy Qur'an.

Mr. Mohammed Aida Shabiba
Minister of Endowments and Guidance

The source of our pleasure lies in what Al-Wasatia Al-Shareia University represents in following the moderation approach of the Hadhramaut School and due to the seriousness of those in charge of the progress of the mechanism and its pace towards new horizons ongoing basis, and in our continuous visits to the university, we see additional achievements and development projects that inhabit the conscience of colleagues from academics, administrators and officials of the university. Finally, we wish Allah to grant them success in continuing their benevolent motives and spreading qualitative colleges in the far corners of our country and abroad.

Prof. Khaled Omar Ba-Sleem
Undersecretary of the Ministry of Higher Education, Scientific Research, Technical Education and Vocational Training.

Al-Wasatia Al-Shareia University has the most prominent capabilities that distinguish it from other universities for sustainability, modernization and development in its future vision to serve the community with modern qualitative majors that keep pace with the times and its requirements. We wish the university, its leadership, faculty, and students continued success in their benevolent societal tasks, and to reach higher ranks in scientific advancement.

Dr. Khaled Qaid Shafel
Director General of private higher education institutions

Praise be to Allah, Lord of the worlds, praise that fulfills His blessings and rewards more and more. The delegation of the Indonesian embassy to the Sultanate of Oman and the Republic of Yemen was honored to visit the presidency of Al-Wasatia Shareia University in Seiyun, and the Faculty of Sharia and Legal Sciences in the city of Al-Mukalla affiliated to the university, which was a valuable visit to get to know the university and its colleges. The embassy extends it's thanks to the university presidency for it's interest in it's students from Southeast Asia, and we were pleased to see that the foreign students were able to master the Arabic language, speaking and writing, after studying at the university.

We ask the Almighty Allah to direct and grant success to those in charge of the university, its faculties and students to spread the call to Allah and the academic edifice based on moderation in all countries.

Mr. Gentu Masri Tanjung
Head of the Consular Section of the Embassy of the Republic of Indonesia to the Authority of Oman and the Republic of Yemen
